

WALLIX recognized as a "Visionary" for the third consecutive year in the 2025 Gartner® Magic Quadrant™ for PAM Solutions

Paris, October 14, 2025 - WALLIX (Euronext ALLIX), a European Identity & Access Management (IAM) vendor and recognized leader in Privileged Access Management (PAM), offers simple and secure solutions to evolve freely in digital (IT) and industrial (OT) environments. WALLIX announces its inclusion in the 2025 Gartner® Magic Quadrant™ for Privileged Access Management (PAM) Solutions as a "Visionary". Since its entry into the Magic Quadrant™, WALLIX has been and remains the only European player represented. This distinction confirms WALLIX's ability to **anticipate market developments** and to **innovate continuously**, consolidating its unique role as a pioneer in cybersecurity in Europe and beyond.

WALLIX, a European PAM vendor

Being a "Visionary" reflects a clear and differentiating vision of the future of the sector and for WALLIX means combining technological innovation and strategic anchoring around three major axes

- **European digital sovereignty:** offering companies and administrations a trusted alternative to international players, with solutions designed and developed in Europe,
- **Comprehensive and integrated technology coverage:** from privileged access management (PAM) to securing industrial environments (OT/ICS) (cloud and hybrid environments),
- **A customer- and industry-centric approach:** a strong presence in key verticals such as manufacturing, healthcare, financial services, and the public sector, with tailored support and a user experience known for its simplicity and efficiency.

WALLIX stands out in the report for:

- **Its expertise in secure remote access**, in particular through "its WALLIX One Remote Access solution, which supports all major session management protocols",
- **"Its unique ability to meet industrial and CPS (Cyber Physical Systems) challenges"** is a differentiating asset for critical environments,
- **Proximity to its customers**, thanks to "responsive and efficient technical support, shared governance through an Advisory Board, and a culture of continuous improvement".

" Our strategy is clear: to provide sovereign solutions, easy to deploy and use, that allow organizations to secure their digital access and support them in their development with

confidence," explains **Jean-Noël de Galzain, CEO** of WALLIX. " Being recognized as a Visionary for the third year in a row demonstrates that we are delivering real-world solutions that address our customers' immediate needs for competitiveness, compliance, and cybersecurity in an interconnected world. »
